OPEN EVENINGS—TIME PAYMENT PLAN

To the Citizens of California:

Our great nation is in a struggle to test its ability to survive. On one side are arrayed the brutal forces of darkness, of aggression, of intolerance and inhumanity. On the other side are arrayed the forces of democracy, tolerance, understanding and human brotherhood.

In our struggle to save the right of democracy to exist in the world, we must not lose sight of our purpose to preserve and extend democracy at home. I am proud to say that our beloved state of California has been in the Democratic forefront in both war and peace.

We have no poll tax in California, we have no racial or color qualifications for public office or for positions of trust and responsibility, and discrimination for or against any section of our population because of its race, color, creed or religious belief is at a minimum.

However, even further efforts to erase intolerance and to promote mutual understanding among all peoples within our state must be ever continued. I can assure you the state government of California will ever strive toward that goal.

Very truly yours,

Culbert L. Olson,

CULBERT L. OLSON, Governor of California

"Anniversary Greetings"

From FLETCHER BOWRON

Mayor of Los Angeles

Since it made its first appearance in August, 1939, the California Negro Directory has continued to expand and grow. The very fact that it has enjoyed growth and expansion is convincing proof that it is capably performing a needed service for the thousands of Negro citizens in Southern California. Furthermore, it is evident that the progress and success of the Directory reflects to a considerable degree the development of the Negro district in Los Angeles during recent years.

A large city, such as Los Angeles, is composed of many racial groups, each being an integral part of the community. The Negro district here, concentrated largely in the Central Avenue area, is one of the most important groups. With its numbers approaching 100,000 it has a buying power that is tremendous. The Directory can, and undobtedly does, play a leading part in guiding that purchasing capacity.

With the issuance and the fifth edition, I extend my greetings to the many users of the Directory and my best wishes for its continued success.

FLETCHER BOWRON, Mayor.

August 7, 1942.

Foreword

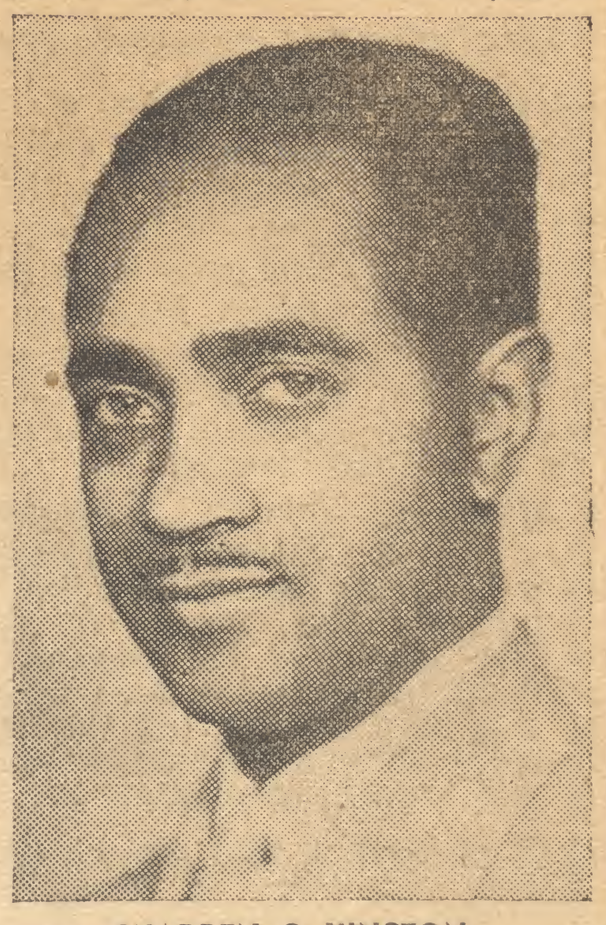

This is the 3rd Anniversary of our publication and the first issue to cover the state of California. Our first directory contained 84 pages 6-in. x 9-in. Our present enlarged directory has well over 200 pages.

ANITA GRANT
Co-Compiler

We are pleased with OUR achievement. This is not an achievement of the compilers but of the Race. This directory is symbolic of the unity of our people. The ministers, the press, the radio, clubs, organizations, our many many satisfied customers and our loyal and faithful friends, all have consolidated their forces for the success of the publication. The success of the Northern California section is due to the untiring work of Mr. Ben Watkins, Northern California District Manager, and his staff of enthusiastic workers. The addition of the states of Oregon and Washington is due directly to the Race loyalty and pioneering spirit of Mr. Stanton H. Duke, State Compiler of Oregon, and the energetic and courageous undertaking by Mr. S. T. McCants, State Compiler of Washington. Already there is a demand for the expansion of our services to other parts of the country. Therefore it may be necessary to publish our next edition under a new and more comprehnsive name.

The aim of our directory is to offer the following services: (1) A complete list of the businesses, professions, trades and services in each Negro District as well as all businesses elsewhere who welcome Negro patronage (spending money in our districts and with those who want our patronage helps to improve our districts, make opportunities and reflects our interest in community development). (2) A complete pictorial Who's Who of service to acquaint the general public with the people who are making contributions to the growth, progress and betterment of our race. (3) A complete list of Negroes over age 16. (It is to the economic advantage of all to be listed whether a student, married or single, with or without a phone and whether a home owner, renter, or roomer.) Our slogan is, "The name of every Negro and a Directory in every home." How well we succeed in achieving our aim depends largely upon how well each race loving person cooperates. Give your subscription now and patronize the advertisers whose advertisements appear within these pages. Always mention the California Negro Directory when you phone or buy. Next to your Bible use it most.

OUR MOTTO: **"THE WESTERN WILL NEVER BE UNDERSOLD"**

LOS ANGELES COUNTY HAS ALWAYS BEEN A MECCA FOR WORKERS AND HOME LOVERS

By ALBERT M .HILL

Publicity Director, Los Angeles County Chamber of Commerce

The romantic history of Los Angeles County has woven within its fabric numerous continuous threads of strength which began with founding of the City of Los Angeles and which can never be eliminated from the pattern of civilization men are building here.

Not the least of these threads of strength is the Negro.

Unlike other great cities of the United States, which grew through the natural process of pioneers settling upon the land and building school houses, churches and cross-roads general stores—the gradual expansion of these becoming a town—Los Angeles was founded "on purpose", before there were any settlers upon the land in its immediate vicinity.

A site for the city was selected. The name of "El Pueblo de Nuestra Senora La Reina de Los Angeles de Porciuncula" (The Village of Our Lady the Queen of the Angeles of Porciuncula), was chosen. A plaza and town lots were laid out. All this was done before citizens of Mexico were invited and brought to populate it.

Then, on Sept. 4, 1781, for the King of Spain, Don Felipe de Neve, then military governor of California, founded Los Angeles. It may well do to remember the time of the city's founding as being one month and 15 days before Cornwallis surrendered at Yorktown, which was some few years before the United States of America had a Constitution and a Bill of Rights.

Among the original 44 settlers—or "pobladores" as the Spanish called them—were several Negroes.

Los Angeles was founded as part of the Spanish plan of settlement for California, to protect the then province of Spain from threatened encroachments by settlers from Russia and England. In order to hold California, therefore, settlers were needed, because the missions and presidios did not contribute to the permanent building of homes, nor perpetual cultivation of farms. Missions were established for the glory of the Church. Presidios were built for the Military.

In addition to homesites situated on the plaza of the pueblo, the original "pobladores" were assigned certain acreage of land adjacent to Los Angeles. This they were to till, the government giving them certain implements and granting to them, and their heirs, perpetual use of the land so long as they lived upon it and cultivated it.

It was only natural that there were Negroes among the first settlers of Los Angeles, because the Spanish searched Mexico for citizens who could and would till the soil; build homes; raise families, and populate the region—citizens who would brave the wilderness and help in establishing a Christian civilization in California.

The next period of Los Angeles County history, wherein members of the Negro race are mentioned prominently, was in 1818, thirty-six years later.

Tom Fisher, later known throughout Southern California by the Spanish as El Negro Fisar, arrived in somewhat romantic fashion, some time during the year 1818. Fisher was among the sailors on board a pirate ship captained by a Frenchman, named Bouchard, and was captured with Joseph Chapman, the first white citizen of the United States to make his home in Los Angeles, when the pirate crew attacked the Ortega ranch up the coast, near Santa Barbara.

It is recorded that some of the pirates were lassoed by vaqueros of the Ortega rancho, while being chased back to their row boats at the sea shore. History does not say how many of the pirates were killed, and mentions only the Negro, Fisher, and the white man, Chapman, among those captured.

Chapman and Fisher were brought to Los Angeles, because there then were stationed the Spanish military officials. Both men, being "handy with tools" and quite evidently having been "shanghaied" by the pirate, Bouchard, in foreign ports before coming to California, were released from custody and permitted to remain and to reside among those early Californians. Both made themselves useful citizens through the following years, Chapman supervising the building of the first water-powered mill in these parts, the old plaza church and the 60-ton schooner, Guadeloupe, first ship built in California. This ship was launched in 1831 or 1832, and the last account of Fisher was at this time, when he was named among the men who constructed it.

It is a historic fact, therefore, that the Negro has forever been among the good citizens of Los Angeles County, beginning with the first 44 residents who populated the City of Los Angeles at its founding, and have done their shares in building here one of the world's greatest population, cultural and industrial centers.

As the City of Los Angeles came into being "on purpose," this present empire of Los Angeles County did not "just happen." It is today the center of the nation's third largest metropolitan area.

As an industrial area, the County ranks fifth in the nation in number of manufacturing establishments, while the City ranks fifth in the nation as to population. Today it is among the three greatest war goods production centers in the United States.

No similar area in the United States records so rapid or so remarkable a growth as does Los Angeles County. Today it leads in aircraft manufacturing, is first in secondary automobile assembling, ranks second in rubber tire manufacturing, fourth in furniture manufacturing and in women's wearing apparel, among the leaders in petroleum production and refining. Its port ranks near the top of American ports in water-borne commerce, with ships from all the world's sea lanes coming here. It is in contact with all the earth through transoceanic and transcontinental air lines.

World renowned for its climate, tourist attractions, the motion picture capital, as well as principal production center for most of the transcontinental network radio broadcasts, the names of Los Angeles and Hollywood spell magic everywhere.

A few highlights of this prenomenal expansion are to be seen in the record of population growth since Los Angeles came into being. When founded, in 1781, total city population was 44. At the time of the first U. S. Census ,1850, there were only 1,610 people living in the city. By 1880 there were but 11,813, and then the great land boom came, and exploded, and its Chamber of Commerce—now the world's largest—was organized in 1888 as a means of stabilizing its economy and "to build a harbor and develop the resources of Southern California."

Within the next twenty years the population increased (in 1900) to 102,479. In 1910 it was 319,198; in 1920, 576,673; 1930, 1,238,048, and in 1940, 1,504,277, with 1,625,000 estimated as of Jan. 1, 1942. Population of Los Angeles County in 1940 was given by the U. S. Census as 2,760,000, with estimates today giving it a little more than 3,000,000.

During all of this remarkable increase, the Negro has performed his share of work and sweat and toil, of home building, of maintenance of schools, churches, lodges and other community institutions.

And, today, there are no individuals among the County's three million people more revered, nor more successful, than such celebrities as Bill Robinson, Ethel Waters, "Rochester" Anderson, Clarence Muse, nor any citizens with more solid backgrounds of day-by-day achievement than William Grant Still, Paul R. Williams, The Harvey Brothers, Wm. Nickerson, Jr., Norman Houston, Chas. Blodgett, Willie Covan, and a host of other Negroes who have carved out for themselves their particular niche of fame in the cultural, commercial and industrial life of this community.

SAN GABRIEL MISSION

LOS ANGELES COUNTY, CALIFORNIA'S OLDEST INSTITUTION

Founded Sept. 8, 1771, five years before the Declaration of Independence on the New England seaboard, the San Gabriel Mission is the oldest institution established by Christian civilization in what now is Los Angeles County, California. It was from this mission that the 44 settlers who founded the City of Los Angeles, Sept. 4, 1781, started on their ten mile trek to the site of the new pueblo, after making the long overland trip from Mexico.

CALIFORNIA BRANCH

The PEOPLE'S VOICE

AMERICA'S GREATEST NEGRO NEWSPAPER
Published in New York City

WILLIAM F. CUMMINGS
California Representative

OUR CREED

I—THE PEOPLE: We will at all times serve the people.

II—THE CRUSADE: We will be no respector of persons.

III—DEMOCRACY: We firmly believe that this is the people's hour to make Democracy real.

IV—LABOR: This is a working class paper. We will be alert to see that Negro members are admitted to all unions.

V—SOCIAL AND ECONOMIC: We will fight to break down the walls of our ghetto by crusading for lower rent, better housing conditions, better health facilities and schools.

VI—POLITICS: We are non-partisan. We will support all individuals who are doing their best for the emancipation of the people.

VII—WE WILL BE NON-SECRETARIAN: We will call on all Protestants and Catholics and Jews to cooperate and go forward with us, and we in turn pledge our support.

LEADERSHIP

We are proud of our attained position as the acknowledged leader among the neighborhood printing establishments. ....A corps of efficient, highly trained craftsmen are incidental to the superior quality of our workmanship.

Eventually—when you tire of unbusinesslike methods along with antiquated, second-rate, slip-shod printing, you will end your long search for correct printing when you trust your first job to our skill and care.

Set your expectation away up high—we will not disappoint you. You will appreciate the value of the advantage that our experience and technique affords and you will like our prompt courteous service, and the economy to be derived from our reasonable prices.

FOREWORD

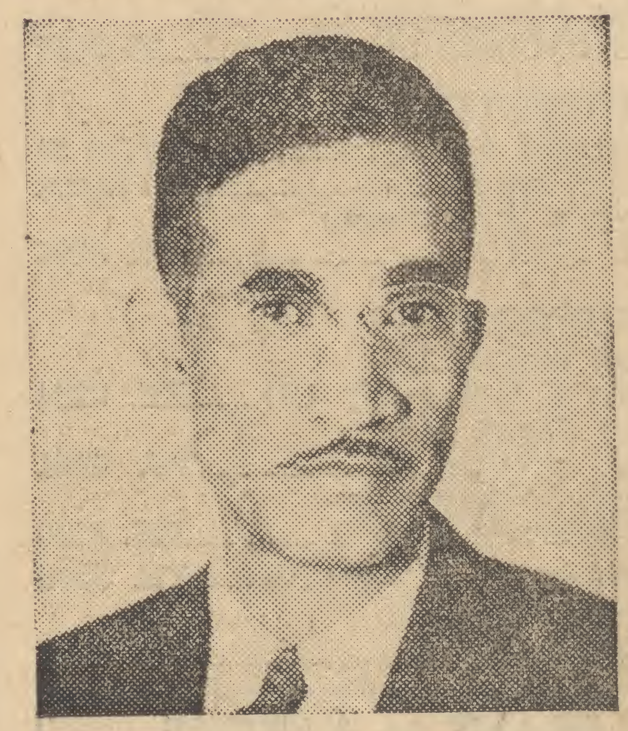

The Miscellaneous Workers Ltd. Inc. is an organization operating under the state laws of California. Its purpose is to better the economic status of its members and to open fields of labor that have heretofore been closed.

Spencer Jourdan, George Craig, Walter Jourdan, Ben Watkins, Langston Branch, Melvin Andrews and W. A. Wilson were the original members of the Miscellaneous Employees Limited, before the change of name and purpose.

The Miscellaneous Workers has created opportunities for Negroes in the Eastbay and will continue to maintain the purpose for which it was organized.

Crater Lake National Park, Oregon

Located in southern Oregon on the crest of the Cascade Range, Crater Lake National Park has a high place among the Nation's most scenic wonderlands. At Crater Lake visitors observe beauty in color and form and experience a profound inspirational appeal. Tranquillity now prevails where once relentless volcanic power was display.

The lake rests in the heart of a mighty mountain whose destruction resulted in the formation of a crater in which water accumulated. It is 6 miles wide, 2,000 feet deep, covers an area of 20 square miles, with multicolored cliffs rising 500 to 2,000 feet above the lake.

Trails lead to high points on the rim and to the shore of the lake. Launches and rowboats are available for scenic trips and trout fishing. Daily launch trips are scheduled around the lake shore line and to Wizard Island. A paved road extends around the crater rim, a distance of 35 miles, presenting scores of enthralling views of the lake. The ever changing color of lava cliffs and blue water are beautiful beyond description.

Crater Lake National Park, established May 22, 1902, embraces an area of 250.02 square miles.

MT. RAINIER (14,408 feet)
The Cascade Mountains in Washington form a high rugged plateau about 100 miles wide. Many peaks rise from it, notably are the three great volcanic cones of Mt. Rainier, Mt. St. Helens, and Mt. Adams. Mt. Rainier is the highest and is perpetually snowcapped with glaciers moving down its slopes. *Cut Courtesy Seattle Chamber of Commerce*

WHO'S WHO IN WASHINGTON

PRENTIS I. FRAZIER

PRENTIS I. FRAZIER. Real Estate Broker and Bondsman, has been a resident of Seattle continuously for the past 26 years. A native of the State of Texas Mr. Frazier on his arrival, immediately proceeded to put into execution some of the boyhood dreams he had long cherished. Among his many worthwhile accomplishments were the organizing and management of Seattle's first Funeral parlor under colored management, also the first Real Estate and Bonding Co. In addition to his executive business ability, he gives freely much of his valuable time to worthwhile Church, Political and social organizations that favor the uplift and advancement of Seattle and the State of Washington. We need more go-getters like Prentis Frazier in Seattle and the northwest.

CLAUDE D. NORRIS

OFFICER CLAUDE D. NORRIS, a popular member of the Seattle Police Dept., Mr. Norris is the son of the late Honourable I. F. Norris, Pioneer citizen, Politician, and leader in all affairs affecting the advancement of the Negro Race, in Seattle and the Northwest. Claude, a chip off the old block is carrying on. He is not only a popular Police Officer, but a progressive business man, Apartment owner, and part owner of the Kirk and Norris Cafe. Mr. Norris was reared and educated in the schools of Seattle. He is married and lives at his home with his wife and four daughters, at 131 28th Ave. The forty or more years residence of the Norris family in Seattle, has been a high and respectable representation of the race. We need many more such outstanding race families to make Seattle, and the Northwest their home.

DR. F. B. COOPER

DR. F. B. COOPER, Dentist, a resident of Seattle for the past 25 years, is one of our most beloved citizens. His activities in Church, Civic, and all uplift organizations, especially those that concern the Race, have proven to be an important part of this outstanding representative of the Negro. He was the leading Spirit in the organizing of the Y. M. C. A. Branch here. We welcome citizens like Dr. Cooper to Seattle and the Pacific Coast.

A. Phillip Randolph, MAN OF THE PEOPLE, one of the most distinguished men of this generation and certainly one of the greatest Negroes of all times, founder and National Director of the March On Washington Movement.

In 1925, he and a small group launched in a Harlem recreation center, a campaign to organize sleeping car porters. Randolph was elected president and general organizer. Negotiations began with the Pullman Company in 1928 and dragged on until 1937 when A. Phillip Randolph signed a contract with the Pullman Company, giving the employees $2,000,000 in pay increases and shorter hours with overtime pay. The fight was financed entirely by porters' funds. Today, the Brotherhood is possibly the most solvent of any Negro organization in the country. Including President Randolph's salary of $4,200 per year it costs over $200,000 per year to run the union; the Brotherhood has almost that much in reserve. **This is the greatest economic triumph in Negro History.** Numerous stories have been told of how Mr. Randolph suffered privations too like his men during the long struggle.

Recently, this indomitable leader recognized the need for a movement that would eliminate discrimination against Negroes in defense industries and armed forces and the government. He recognized that Negroes in conference with the President or any government head are helpless and hopeless unless behind them stands positive power in the mass organization of the Negro people. As the result of his concern for his people, this man who cannot be bought, has organized a National March on Washington movement with chapters all over America by which he expects to demonstrate the power of the Negro and thereby employ the methology of mass action as proof that it is the valid form of procedure for Negroes to employ to grapple with the myriad, perplexing and trying problems besetting them now and after the war.

A Phillip Randolph, Man of the People

The March On Washington Movement is an all Negro Movement, but it is NOT ANTI-WHITE. It emphasizes that the main and basic responsibility for effecting the solution of the Negro Problem rests upon Negroes themselves, that they should supply the money and pay the price, make the sacrifices and endure the suffering to break down the barriers to a realization of FULL CITIZENSHIP RIGHTS IN AMERICA NOW. It is the Negro who is discriminated, segregated, and denied full citizenship rights.

It was the M. O. W. M. which won Executive Order 8802. This struggle looms larger than the one with the Pullman Co. It is not only worthy of the support of every Negro but points the way of our solid front for the defense of the rights which have been guaranteed to us by the constitution.

8-POINT PROGRAM—MARCH-ON-WASHINGTON MOVEMENT

"Winning Democracy for the Negro Is Winning the War for Democracy"

Every statement of war aims by responsible leaders in all walks of life, the principles of the four freedoms, the eight point program of the Atlantic Charter and it is to be hoped, the prospectus of a much needed Pacific Charter, express the desire that the outcome of this vast and terrible conflict will be the triumph of democracy and its establishment on a wider and firmer basis. To insure such a result the preservation and extension of our democratic principles must be an essential part of winning the war.

The source of our disabilities lies in the caste system maintained by the Southern states, where segregation and discrimination in social, economic and political life spreads its vicious influence elsewhere. Only an all-attack by the national government on this caste system at its source will destroy its danger to national unity.

Therefore, 13,000,000 Negroes representing one-tenth of the population demand of our national government this 8 point program for winning democracy for the Negro and thereby winning the war for democracy.

1. We demand in the interest of national unity, the abrogation of every law which makes a distinction in treatment between citizens based on religion, creed, color, or national origin. This means an end to Jim Crow in education, in housing, in transportation and in every other social, economic and political privilege; and especially we demand, in the capital of the nation, an end to all segregation in public places and in public institutions.
2. We demand legislation to enforce the 5th and 14th amendments guaranteeing that no person shall be deprived of life, liberty or property without due process of law so that the full weight of the national government may be used for the protection of life and thereby may end the disgrace of lynching.
3. We demand the enforcement of the 14th and 15th amendments and the enactment of the Pepper Poll Tax Bill so that all barriers in the exercise of the suffrage are eliminated.
4. We demand the abolition of segregation and discrimination in the Army, Navy, Marine Corps, Air Corps, and all other branches of national defense.
5. We demand an end to discrimination in jobs and job training. Further, we demand that the F. E. P. C. be made a permanent administration agency of the U. S. Government and that it be given power to enforce its decisions based on its findings.
6. We demand that federal funds be withheld from any agency which practices discrimination in the use of such funds.
7. We demand Negro and minority group representation on all administrative agencies so that these groups may have recognition of their democratic right to participate in formulating policies.
8. We demand representation for the Negro and minority racial groups on all missions, political and technical, which will be sent to the peace conference so that the interests of all people everywhere may be fully recognized and justly provided for in the post war settlement.

Nothing less than this program will afford Negroes their constitutional rights; nothing less will be an evidence of America's devotion to the democratic way of life.

MARCH ON WASHINGTON MOVEMENT, New York Division, 2084 Seventh Avenue, New York, N. Y.

REV. CLAYTON D. RUSSELL, militant Pastor of the Peoples' Independent Church of Christ, is recognized as the outstanding leader of his race on the West Coast.

His contributions toward the spiritual and economic upliftment of his race this year has been so marked as to draw national attention.

The establishment of the Negro Consumers and Producers Cooperative Association having as one of its objectives the opening of the largest and most completely equipped Super Market owned and operated by Negroes in the country is an achievement unparalleled in the annals of our Race.

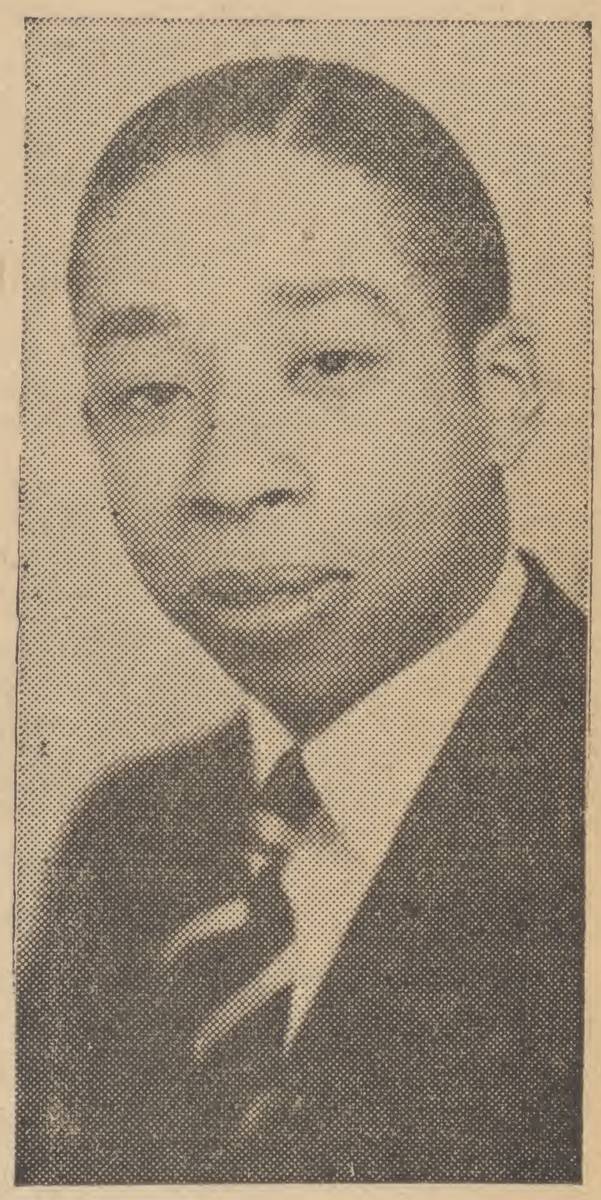

In December of 1941 a small group of interested persons met at the Peoples' Independent Church with the idea in mind of opening a small store in the basement of the church and sharing in the profits from their own purchases. A month later word was received that an opportunity was at hand for Negroes to lease the market formerly known as the "Major Market." A clarion call was sent out via air and press by Russell to all Colored men and women interested in the economic progress of the Race. This call was answered by those viewing a new economic vista for the Race. Membership was set at a minimum of $5.00 and maximum $500.00 and sufficient capital was subscribed to open this history making enterprise April 11, 1942.

September 1, 1942 the Corporation Commissioner after a careful study of the operations of this concern granted a charter and stock selling permit. Shares in this profitable concern are now being placed on sale by authorized agents.

Leader of the "March of 2500 Women" on the United States Employment Service to demand placement in Defense Industry which resulted in a statement from the Governor of the State of California, Culbert L. Olson, condemning discrimination in defense industries in this state, and, also from Paul V. McNutt, Commissioner of the War Manpower Board, "that no further discrimination would be tolerated."

Leader of the 500 Race men and women to the offce of the Superintendent of the Board of Education demanding that Colored men and women be allowed the opportunity of being trained in the training centers in their respective communities in lieu of being compelled to enter a discriminated area set aside for Colored citizens. This movement has borne fruit by the induction of more trained men and women into our local defense plants.

His daily quotation is, "I am vitally interested in the man and woman lowest down."

Rev. Clayton D. Russell

BESSIE BRUINGTON BURKE

BESSIE BRUINGTON BURKE, Principal at Nevin Street School, Los Angeles, Calif. A native Californian of pioneer parents, Mrs. Burke has applied herself diligently to the tasks demanded by the years and has given without thought of praise. She has not advanced through favoritism, but by preparation and hard forthright labor. Receiving her early education in the public schools of Los Angeles, Mrs. Burke is a graduate of Los Angeles State Normal Teachers' College, U. C. L. A.: holds the bachelor's and master's degrees from the University of Southern California and has studied at Columbia University in New York

Mrs. Burke is the first Colored teacher to be appointed in the Los Angeles City Schools and was transferred from Holmes Ave. School where she was principal for many years to the Nevin Street School. She is one of the very few Colored principals of the Race in the state and for many years was the only Negro principal of any school with a mixed student body in the United States! The naming of Mrs. Burke to this large graded school offsets severe criticism and the general idea that a Negro would only be appointed principal of a local school where the whole teaching personnel are members of the race and that the majority of students also Negroes. At the Holmes Ave. School from which she was transferred, 90% of the teachers were Negroes. In her new assignment, of the 25 teachers on her staff, six are Negroes. The administrative staff of the school was not affected by the new appointment. Like other metropolitan urban centers in the country where racial populations have gradually shifted, the Los Angeles Board of Education is keeping abreast of changing conditions, by adjusting their education system for the best interest of all citizens. She has made an enviable work as a community servant aside from her work as an educator. She is a member of the Girls' Reserve Council of the Y. W. C. A.; the executive board of the N. A. A. C. P., the Educational Commission of the Women's Political Study Club; the International Commission and the Principals Club of Los Angeles. Socially, she is widely known as a member of the California Club and the Delta Sigma Theta Sorority. She was honored by Zeta Phi Beta Sorority as "The Outstanding Woman of 1939." Res. 1351 W. 37th St., Los Angeles, Calif.

A. in Personnel Administration at New York University. Anna-maria, Mr. Hester says, is one of the greatest blessings that ever happened in his life. From now on she's the boss. Weight at birth—7 pounds. My daddy says buy defense stamps and lick the axis, buy defense stamps until it hurts, then drink Hester's pure milk and heal the wounds and grow strong and healthy and work daily and buy more defense stamps and bonds. If the dimes spent for defense stamps can help a great nation like ours just imagine what your dimes spent in our cooperative would make for us in jobs and assets. Every dime you don't use for a defense stamp spend with B. L. Hester's United Cooperative Inc. and we will build strong, healthy soldiers and nurses for Uncle Sam.

THE WISDOM OF JESUS

All wisdom is from God; he giveth it to them that love him; the fear of God is full of many blessings; to fear God without hypocrisy.

Where of not only the readers need become skilful themselves, but also they that desire to learn be able to profit them which are without both by speaking and writing.

That which was from the beginning, which we have seen with our eyes, which we have looked upon, and our hands have handled, of the Word of Life.

For the life was manifested and we have seen it and bear witness anshew unto you that eternal life, which was with the Father, and was manifested unto us. (First Epistle of John).

It is the spirit that quickenth the flesh profiteth nothing: the words that I speak unto you they are spirit, and they are life. (John 6-63).

REV. W. L. MONROE

This Jesus was the son of Siarch, and grandchild to Jesus of the same name with him: this man therefore lived in the latter times, after the people had been led away captive, and called home again, and almost after all the prophets. Now his grandfather Jesus, as he himself witnessth, was a man of great diligence and wisdom among the Hebrews, who did not only gather the grave and short sentences of wise men, that had been before him, but himself also uttered some of his own, full of much understanding and wisdom. When as therefore the first Jesus died, leaving this book almost perfected, Sirach his son receiving it after him, left it to his own son Jesus who having gotten it into his hands, compiled it all orderly into one volume, and called it Wisdom, entitling it both by his own name, his father's name and his grandfather's; alluring the hearer by the very name of Wisdom, to have a greater love to the study of this book.

It containeth therefore wise sayings, dark sentences, and parables, and certain particular ancient godly stories of men that pleased God, also his prayer and song moreover, what benefits God had vouchsafed his people, and what plagues he had heaped upon their enemies. This Jesus did imitate Solomon, and was no less famous for wisdom and learning, both being indeed a man of great learning and so reputed also.

CHRISTOPHER C. JONES, a resident of Los Angeles, who has written and published a very comprehensive book entitled "DEMOCRACY FOR ALL" was born in Oklahoma and finished at Booker T. Washington High School at Tulsa in 1936.

Mr. Jones spent eight years in research and the compiling of this work, studying the conditions and problems of the Negro throughout the nation. The book is based on brief survey of the Negro's part in history, the second paragraph of the Declaration of Independence, the Bill of Rights and the 13th, 14th and 15th amendments of the Constitution of the United States.

The contents are as follows: (1) A brief survey of the Negro's part in History; (2) Adequate Negro Educational Opportunity; (3) Increased Opportunity for Negro Farm Tenants and Agricultural Workers; (4) Taxation without Representation because of Race and Color; (5) Equal protection of life for all, enforced capital punishment for lynchers and their henchmen; (6) Proportional Negro representation in all branches of the Nation's Armed Forces; (7) Democracy on Trial, Lincoln's Gettysburg Address.

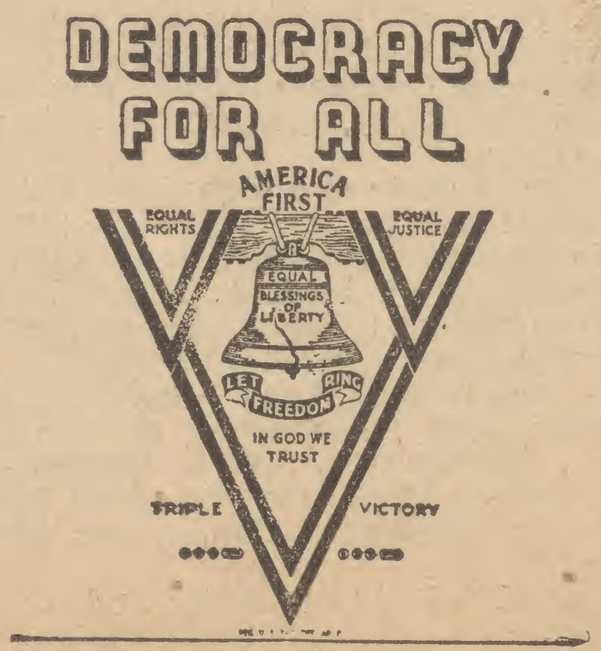

While attending high school Mr. Jones was the first Negro ever to win a medal in the Tulsa Civitan Club Oratorical Contest, of which Franklin D. Roosevelt is Honorary President. He also won a medal offered by the W. C. T. U. for oratory and five volumes of books in a 15 Southern States Essay contest; which was sponsored by the Interracial Commission of Atlanta, Ga.

Edward Burbridge, authority on literary matters from the Sentinel, in commenting on Mr. Jones' "DEMOCRACY FOR ALL" stated: "Every red-blooded Negro in the country should own a copy of this fine work. It tells the Negro of his rights, past history dealing with lynching, farm problems and education, and offers solutions for some of the trials that beset him.

Prophetess Mrs. Millie Hannah Talamantoes

PROPHETESS MILLIE HANNAH TALAMANTOES, author of "The Pool Of Siloam" books Copyrighted in 1924, and 1925, and now revised and combined into one book, called "The Book Of Life," and will soon be placed on sale at book stores, news stands, and by agents.

Using her own words Prophetess Talamantoes says, "The American Negroes (ex-slaves) of America, and their descendents, were never natural wild people in Africa as mistaken historians have supposed, but are the Jews of the Holy Bible. So a fact beyond doubt, as proved to be the tribe Juda in her book soon to be released, to the satisfaction of sanest reasoners of any race, our race in particular, who ought to be proud of so great a history as the Scriptures (when rightly understood). And know that the black man was not always black, nor was the white man always white, nor will either of them remain as he is. Some Colored are in recent years turning white. The Bible foretold of the tribe Judah (Negroes) plight as they really exists now, warning us before our fall, and captivity "When We Nationally Forsook God", saying to us, the stranger that is among you shall get up above thee very high, and thou shall come down very low, ending his saying thus: He shall be the head and thou shall be the tail. For surely we are the least esteemed of all the other eleven tribes of Isarael, some the same in appearance as we, and of course the same blood as we.—Acts 17:26. Yet when in, say visiting America, we are not esteemed even by them. So we are hated (not desired) of all nations, as foretells Jesus who is also of this tribe.

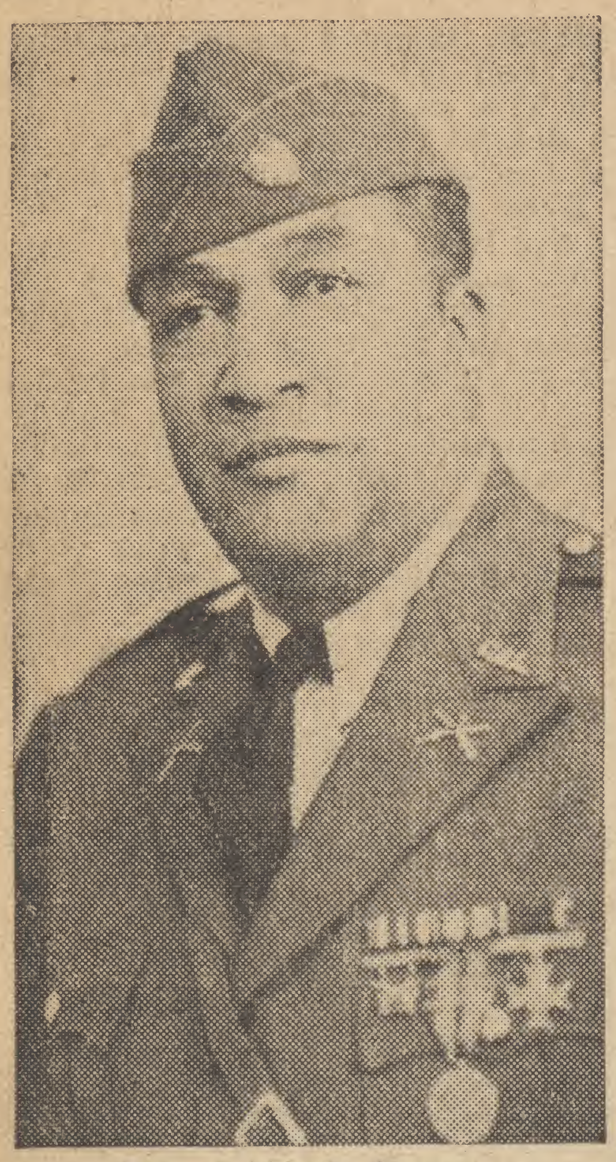

President of "The Pool Of Siloam," Inc. Prophetess Talamantoes is acclaimed the greatest scriptural expounder (interpretor) on earth. She has no equal—there is a reason. She is giving you the bread in due season, say when due.—Matt. 24:45 verse. For "The Pool Of Siloam," Inc. is as typefied by the birth of Jesus in a manger "the long foretold embryo (humblest beginning in appearance (an office in a house) yet is "God's Backbone (center sanctuary) to revive all saints" christians of all religious denominations," whether they be the hand, or foot or what not of the body of Christ. So really God's Kingdom of Heaven (Eden) harmony, contentment, on earth to magnify, now that we need it. All nations desire come. Haggi 1 2 chpts. For the "Pool Of Siloam" is as Noah's Ark in his day, saving all who believed his preaching, and came into the ark in due time. Thus shall all who enroll in "The Pool Of Siloam," Inc. Conditional, shall be saved hereafter from all of your troubles on earth here. Thus the gate of Heaven, is again open on earth even as above. 10343 Anzac Ave., Los Angeles, Calif. Micah 4: note 8 v. Since December 7th the Regiment has participated fully in all the defense activities of the California State Guard and now is nationally recognized as one of the finest State Guard Regiments in the Nation. The Regiment has been in full time active duty since last March and has been a splendid training school for many young men who have subsequently gone into the U. S. Born in Los Angeles, Calif., December 3, 1917, Mr. Miller is well prepared for his responsible position by virtue of his education and experience. Education: Grammar School, McKinley Jr. High and Jefferson High School, where he majored in commercial bookkeeping and businss correspondence. He was the second Negro in the school's history to be voted by the student body to presidency of the Boys' Student Government. He also served on the Finance Board, which took care of monies from football, baseball, plays, etc.

Experience: After graduation he worked for Mortgage Guarantee, a million dollar Spring St. corporation, as bookkeeper and pursued a business course in night school. Worked from bookkeeper to Asst. Mgr. of Dunbar Hotel for 2 years under Mrs. Camille E. Keys. In 1928 was requested to work for Consolidated Hotels, Inc., at the Regal Hotel as clerk and bookkeeper under an all-white staff. After three months of valuable service, Mr. Miller was promoted to assistant manager. Two months later a 35 room annex was added to the hotel. Recognizing the executive ability of this young business genius Consolidated promoted him to house manager and then to manager in full charge. Less than one year later another 25 room annex was made. Today, Regal Hotel is the largest hotel west of the Theresa Hotel in Harlem, New York, with a capacity of one hundred fifty rooms. The success and expansion of the Consolidated Hotels, on the Eastside is largely due to the competent management of its hotels by this mild mannered and keen minded young man.

For added accomodation and enjoyment of hotel guests, Mr. Miller suggested to Consolidated Hotels Board of Directors the acquisition and operation of the Rossmore Grill and Cocktail Lounge. Also, upon his suggestion, a $15,000 drug store is being built and opened in the near future in the Regal Hotel Annex building, thus creating more opportunities for Race employment.

He has made a varied contribution to the "Avenue." When the Elks Bldg. was first built, his haberdashery, Moore's Quality Shop, was one of the first businesses in this fine building, the most distinctive of its type ever on "the Avenue." Later Mr. Moore became proprietor of the "Last Round Cafe" at 41st and Central. This Nite-Spot with its atmosphere "Aboard Shop" and awning to the curb with fine entertainment drew the visitors and celebrities of the land. This cafe was sold when Mr. Moore took over the present Memo Club site where design and beauty par-excellence are the original ideas of Mr. Moore and his wife. Thru the years he has maintained a large staff of colored employees, with one of the biggest payrolls on the Avenue. His contribution to the District as an employer has been a real credit.
